

I'm me

I'm me with you

Seems simple  
but isn't

I know that  
from sad experience

So many me(s)  
all to be  
me  
with you

With you  
it's easy  
just to

be

for each part  
of me

for each to  
simply be

exactly  
as I am

with you

With you I'm me  
I'm me with you
